BASIC FINANCE

- ☐ Review the *Military Banking* Handout for information on credit unions and banks, typical fees, online banking, and how to manage your bank accounts.
- ☐ Understand basics of debit/credit card use and tracking deposits/expenditures.
- ☐ Know how to recognize and correct banking errors. Review your transactions periodically and immediately contact your bank if you find errors that need to be corrected.
- ☐ Update your personal spending plan using the *Spending Plan Worksheet*. A good spending plan helps you manage your money, plan for your financial goals, and prepare for emergencies. Here are four steps financial experts suggest to get started.

Step 1: Understand your current situation.

In this step, it's important to understand what's REALLY going on with your money today. Start tracking all your income and spending for the next 30 days. How you do the tracking is up to you, but what's important is you do it.

Step 2: Know where your money should go.

Financial experts offer these general guidelines when budgeting your money:

- Try to save and/or invest 10% – 15% of pretax pay.
- Strive to keep transportation expenses including car payments, insurance, gas and maintenance to 15% – 20% of pretax pay.
- Limit housing expenses, including mortgage or rent payment, taxes, utilities, and maintenance to your Basic Allowance for Housing or 25% of pretax pay.

Step 3: Create a plan.

Build a plan for setting aside money and putting limits on how much you'll spend each month per category.

- Prioritize your financial goals.
- Establish an emergency fund. Financial experts suggest you should keep at least three to six months of living expenses in reserve. If you do not have that much saved, consider setting aside a little each paycheck to help get you there.

Step 4: Make adjustments.

Update your spending plan as your life changes. Monitor your plan until you have fully adjusted your finances to reflect your new situation.

- ☐ Consider setting up automatic bill pay to avoid missed or late payments.
- ☐ Review your tax situation and change federal and state withholding as needed via <https://mypay.dfas.mil/#/>. The Navy Personnel and Pay (NP2) system is currently scheduled to replace myPay for payroll functions later this year. As such, changes in tax withholding will be accomplished via NP2 at that time.
- ☐ Review the Military Spouse Residency Relief ACT (MSRRA), which protects tax, voting and property rights of military spouses. A military spouse may keep their tax domicile (legal residence) if they move because their military spouse is transferred out of state.

Additional notes: _____

CONSUMER PROTECTION

- ☐ Review the *Military Consumer Protection* Handout for additional information on identity theft, the Servicemembers Civil Relief Act (SCRA), and Military Lending Act (MLA).
- ☐ Protect yourself from misleading consumer practices and know basic procedures for handling a consumer complaint or dispute. Review the *Sources of Help for Military Consumers* Handout.
- ☐ Check each of your three major credit reports for free at annualcreditreport.com. Sailors can request free credit monitoring services from the nationwide credit reporting agencies: Equifax, Experian, and TransUnion. Review the *Understanding Credit* Handout for more information.

Additional notes: _____

MAJOR PURCHASES

- ☐ Analyze your housing and transportation needs and be sure to prepare your finances for any major purchases. Review the *Major Purchases* and *5 Rules of Buying a House* Handouts for more information.
- ☐ Understand that financial counselors are available at the Fleet and Family Support Center to assist with questions about a major purchase.
- ☐ Review the *Education Benefits and Savings* and *Paying off Student Loans* Handouts to learn more about financing education, available benefits, obligations, and repayment options.
- ☐ Research and take advantage of tuition assistance and the College Level Examination Program (CLEP) to help cover or offset the costs of higher education.

Additional notes: _____

PLANNING FOR THE FUTURE

- ☐ Evaluate your life insurance needs to ensure you have enough coverage, the right type of coverage, and correct beneficiaries. A simple method to calculate your life insurance needs is to use the acronym LIFE. Start by totaling all four categories listed below.

L liabilities	Debt you would like to pay off, like a mortgage, auto loan, or credit cards(s)	\$
I ncome to be replaced	Multiply targeted annual income amount by the number of years to replace	\$
F uneral and final expenses	The amount you would like to set aside for final expenses	\$
E ducation and other goals	The amount you want to set aside to fund education and other goals for family, friends, or charitable organizations	\$
Total life insurance needed		\$\$\$\$

Then compare your life insurance needs with your current amount of coverage plus any assets and benefits available at death. If you find you need additional coverage, then consider supplementing Servicemembers' Group Life Insurance (SGLI) with a commercial life insurance policy. Review the policy for any restrictions, such as a war clause. Common life insurance policies include:

- Term insurance — provides a stated amount of coverage over specific period of time and is designed to provide a large amount of coverage for the least cost.
- Permanent insurance — provides coverage designed to last for your entire life and can build cash value.

There are several permanent life insurance options offered such as universal life, whole life, variable life and even variable universal life insurance. These policies may have a surrender period and be subject to fees and penalties if canceled during this time.

- ☐ Enroll your dependents in Family Servicemembers' Group Life Insurance (FSGLI).
- ☐ Update the beneficiaries of your Servicemembers' Group Life Insurance (SGLI), if appropriate.
- ☐ Review or consider obtaining renters (homeowners) insurance policies to ensure that they are adequate for your circumstances.
- ☐ Update your auto insurance policies, and ensure coverage is appropriate for your current needs.
